

Happy New Year!

Happy New Year to all our clients and friends.

We hope that you have had a restful and healthy holiday and that we can soon celebrate together.

We wish you a warm, hopeful and prosperous 2021.

Self Assessment Tax Return Final Reminder

A final note to registered individuals to file their self-assessment tax return before the deadline of 31 January 2021.

The penalty for filing and/or making a payment after midnight on 31 January 2021 will result in a £100 fine so please ensure you file AND pay on time.

Coronavirus Job Retention Scheme

The scheme has been extended to 30 April 2021 which means employers can claim 80% of wages, helping to keep their employees in employment, ready for when businesses are able to resume trading. This also helps to prevent a significant increase in the already high levels of unemployment the UK has been experiencing as a result of Covid-19.

Calling All Business Owners!

The number of options for seeking support for your business has increased significantly in the past weeks as lockdowns have continued to threaten small businesses, self employed persons, employees and many more.

While www.gov.uk offers a great tool for exploring your options, it can be confusing to figure out a plan that will serve you best, while trying to navigate deadlines and applications.

Please reach out to us and we would be happy to work through eligibility for your options to keep your business afloat.

Brexit Transition

With the Christmas trade agreements in place, changes to trading and workflows are taking effect.

Regardless of whether or not you are involved in international trade, effects to workforce, supply chain, VAT, customers, and more, may affect you.

Some downstream effects could even touch small businesses across the country.

For more information on how to make sure you and your business are prepared, feel free to contact us and we would be happy to chat about solutions to best suit your situation.

Follow Us on Facebook, Twitter, LinkedIn and Instagram for updates and offers.

New Year New Vision

If you are considering making your business operations digital for 2021, do not delay as going digital will for example, improve productivity, efficiency and communications.

Going digital can also stimulate growth in a business by breaking down geographical barriers for example, an online shop can sell its products all over the UK and even internationally.

If you need help going digital, we are experienced in cloud based softwares such as Quickbooks, Sage, Xero, One Drive, Google Drive, Wave Accounting and much more.

Now's the time to switch to QuickBooks

Making Tax Digital Ready

- Hassle-free MTD tax management
